Publication results from the distribution of copies of a work to the public by sale or other transfer of ownership, or by rental, lease, or lending. A work is also "published" if there has been an offering to distribute copies to a group of persons for purposes of further distribution, public performance, or public display. A public performance or display does not, by itself, constitute "publication".

For information on the publication of works online, click [here](#). Indicate whether this work has been published by selecting either "yes" or "no" from the drop down list below.
